

## Behavior Management Plans for ADDT

### **603. Behavior Management Plans for ADDT.**

- (a) An ADDT may implement a written behavior management plan for a beneficiary if a beneficiary exhibits challenging behaviors on a chronic basis.
- (b) A behavior management plan:
  - (1) Must involve the fewest and shortest interventions possible; and
  - (2) Cannot punish or use interventions that are physically or emotionally painful, frighten, or put the beneficiary at medical risk.
- (c)
  - (1)
    - (A) An ADDT must reevaluate behavior management plans at least quarterly.
    - (B) An ADDT must refer the beneficiary to an appropriately licensed professional for re-evaluation if the behavior management plan is not achieving the desired results.
  - (2) An ADDT must regularly collect and review data regarding the use and effectiveness of all behavior management plans, including the use and effectiveness of restraints and other interventions.
  - (3) The collection and review of data regarding the use and effectiveness of behavior management plans must include at least:
    - (A) The date and time any intervention is used;
    - (B) The duration of each intervention;
    - (C) The employee or employees involved in each intervention; and
    - (D) The event or circumstances that triggered the need for the intervention.
